Re: Proposed annexation to
the City of Pomona,
"Williams Addition".

Dear Mr. Doremus:

At the meeting held on February 8, 1956, the County Boundary Commission reviewed the boundary description and map submitted by Charles R. Stapleton, Planning Director of the City of Pomona, with his letter of January 27, 1956, of the proposed annexation of territory to the City of Pomona.

Although the boundaries submitted do not create islands or corridors of unincorporated territory, and conform with lines of assessment as nearly as practicable, upon recommendation of the County Engineer slight revisions were made in the boundary description to provide the definiteness and certainty intended under the provisions of Section 35002 of the Government Code. Said revisions were in the wording of the boundary description and made no change in the location of the boundaries as shown on the map.

With these revisions, the County Boundary Commission approved the boundaries of the above proposed annexation. A copy of the approved revised legal description is enclosed for your use.

Dear Sir:

SUBJECT: City of Pomona
"Williams Addition"

Pursuant to your request of January 30, regarding the proposed "Williams Addition" to the City of Pomona, we have reviewed the legal description of the boundaries submitted by the City and find that, although these boundaries do not create islands or corridors of unincorporated territory, and do conform with lines of assessment as nearly as practicable, the description requires some revision to provide the definiteness and certainty intended under the provisions of Section 35002 of the Government Code.

Therefore, we have prepared the enclosed revised description of boundaries, which we recommend that the Commission approve and forward to the City.

A map showing other boundaries in relation to the boundaries of this proposed annexation, and all original papers regarding this matter are enclosed.
